Epson **EB-93H** Projector

DATASHEET

Make education brighter with the Epson EB-93H which gives a super-clear picture, has smart features to enhance lessons and is easy to set up.

Project a perfect XGA image, even in daylight, and keep the lights on so students can take notes; Epson's 3LCD technology and a high White and Colour Light Output of 2600 lumens deliver superb clarity in all conditions.

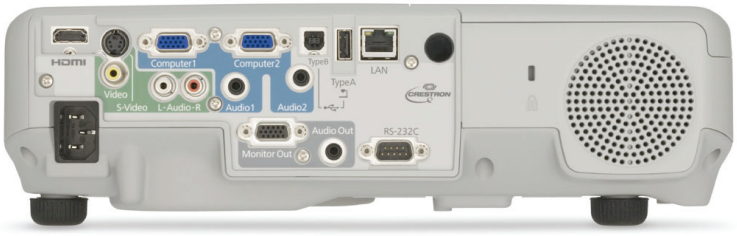
The EB-93H's useful features can make lessons more effective. The powerful 16W integrated speaker helps your students hear clearly. Share 3D objects or science experiments on the big screen by plugging in Epson's ELPDC06 document camera. You can also share pictures with the class by projecting directly from your USB drive, camera or portable hard drive using the EasyMP slideshow feature.

Whatever your classroom layout, installing the EB-93H is straightforward. Even if the projector is at an angle to the screen, you can quickly align the picture using automatic vertical and manual horizontal keystone correction. And for desktop use, the projector's pull-out foot supports a tilt angle of up to 16 degrees.

Easily control and monitor your projector fleet using Epson's EasyMP advanced networking features. Broadcast image and sound over your network via the LAN input. Save time and hassle by adjusting settings, such as projector on/off times, from a single point on your network.

KEY FEATURES

- Exceptional image quality with Epson's 3LCD technology
- Extra security features
- HDMI connection
- Easy set-up
- EasyMP network management



No.1 SINCE 2001 EPSON WORLD LEADER IN PROJECTORS
